ELIHU ROOT made mince-meat of Bryan's militarism bugaboo.

"The growing practice of using the Army to repress labor," a favorite expression of the careless silver agitator, is met by the declaration that the Army never has been used to suppress labor, and twice only in the past twenty years has it been used in domestic affairs, and in one case at least by a Democratic President.

The conviction of Henry E. Yount for the murder of George A. Gentry, Ky., is a flagrant outrage upon justice and humanity. It is a case in which a man for his life before a partisan judge and jury, and under conditions where it is nearly impossible to accord him common fairness, but it is brutal and inhuman to reach a verdict of "guilty" on a man through a "railroad" case through a jury while the defendant is on a sick bed and half, if not wholly, insane from illness and nervous prostration. Such a proceeding is a blot upon the Commonwealth of Kentucky and a disgrace to American institutions. (Herald, Birmingham, Ala., News, Democratic.)

The gold in the United States Treasury Friday amounted to \$451,377,404, the highest point ever reached since the foundation of the Government. This is said to be the largest gold fund in the world. This, it should be remembered, is under Republican Administration. Now, please compare it with the Treasury of the state of Kentucky, where there isn't a dollar of gold, silver, paper, or any other kind of money. The latter, it should also be remembered, is under Democratic Administration.

It will be well for some people in Mayville and some people in Mason county to keep in mind the following provision of the amended law under which the coming election will be held—

Sec. 15. Any person or persons who shall unlawfully by force, fraud, or prevent any voter from casting his ballot, or shall attempt to, intimidate, or in any manner endeavor to prevent him from casting his ballot, or who shall unlawfully interfere with the officers of election in the discharge of their duties as such, shall be guilty of a felony, and upon conviction, be confined in the Penitentiary for a period of years, not less than one nor more than five years, for each offense. The fact that the person or persons so offending may be an officer or officers of the Federal Government, or of the state, or any district, county, town or city thereof, or of election, shall not relieve them of the responsibility or penalty for the violation of this section.

The Louisville Post says it is learned on perfectly reliable information that the managers of the Democratic state campaign are sending out many thousands of copies of the opinion delivered some months ago by that eminent Police Court barrister, ARON KORY, in which Mr. KORY stated that an election for Governor this fall would not be valid, and that under the law young Mr. BECKHAM should be continued in office for the next three years.

Of course there can be but one object in scattering these documents broadcast over every county in Kentucky. Foreseeing the defeat of their candidate the Beckham bosses are preparing to raise the contention that the coming gubernatorial election is not valid and to resist the inauguration of JOHN W. YERKEN.

There is an equally interesting source for another interesting piece of news which was learned Thursday morning.

The State Treasury, now in charge of Judge HAGER, holds the place to which WALTER R. DAY was elected, is depleted. The Democratic managers are endeavoring to keep this fact a secret, but it is a real Republican campaign headquarters. On Tuesday the State Treasurer was compelled to discount a warrant for \$6,000, drawn in favor of the Feeble-Minded Institute, at a Louisville Bank at a 6 per cent. rate. The name of the Bank is known as are the other details of the transaction.

The state convention of the Y. M. C. A. will be held in Louisville February 24th to 26th, 1901.

The editor of the Louisville, Ky., Miscellaneous, writes as a postscript to a business letter: "I was cured of kidney trouble by taking Foley's Kidney Cure."

The gross earnings of the L. and N. for the third week of October were \$360,765, a decrease of \$3,428 compared with the corresponding week last year. People who are humbugged by some billiard player who claims to be a millionaire on some mountain or prairie, for the doctor or druggist will tell you that such claims are fraudulent. Foley's Kidney Cure simply contains remedies that are known to the medical profession as the best for these complaints. So don't be taken in by cheap quackery. J. Jas. Wood & Son and Armstrong & Co.

NEW FORM OF BALLOT.

The Republican Emblem and Circle Properly Stamped For a Republican Vote.

The new election law requires voters to stamp inside a circle under the emblem of the ticket they desire to vote. The above circle under the Log Cabin emblem is properly stamped for the Republican National, State, District and local ticket.

Under the new law the polls open at 6 o'clock a. m.—one hour earlier than under the old law—and close at 4 p. m.

Does It Pay To Buy Cheap? A cheap remedy for coughs and colds that right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in this case take the only remedy that has been introduced in all civilized countries with success to cure throat and lung troubles. "Buckner's German Syrup." It not only breaks and stimulates the diseased and inflamed mucous membrane, but also in the lungs, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Peacor.

IT'S IMPOSSIBLE

To Disprove Facts It Is Decidedly Easy to Verify Mayville Opinion.

Nothing by way of an introduction could be added to the experiences and opinions given below which would increase their value. Mayville people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas? Mr. Elias Scudder, nursery man, residing at 215 Castro street, says: "I had a good deal of pain at times in my right kidney and it constantly grew more persistent. When I learned of Doan's Kidney Pills I could hardly sit down in a chair or rise without placing my hands to my back and should I thoughtlessly bend over it pained me severely to straighten. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drugstore corner of West Second and Market streets and their use effected an absolute cure."

A Day's Doings in Kentucky.

ONLY TWELVE DAYS.

The Spring Meeting of the Louisville Jockey Club Will Be a Very Short One.

Louisville, Ky., Oct. 29.—President Scholtes, of the new Louisville jockey club, has announced that the meeting next spring will continue for 12 days, instead of 15, as has been the rule heretofore.

However, from the indications the racing next spring at Churchill Downs will be of a higher class than has been run over this famous course for many years. This statement is based on the fact that during the 12 days' sport the new Louisville jockey club will give away \$50,000 in stakes and purses, or more than \$4,000 a day, which is more money than any other track in the west offers for the same number of days.

Col. John E. Madden arrived at Churchill Downs Saturday with his Hanover-Correction \$20,000 colt and five other colts. These five colts were bought by Mr. Madden at the Morris sale in the east for \$65,000. Shortly after the colts were bought ex-Secretary of the Navy W. C. Whitney transferred Mr. Madden \$80,000 for them, which offer was declined.

A DIVORCE SOUGHT.

They Were Married on the Quiet, She Says, But He Refuses to Live With Her.

Owensboro, Ky., Oct. 29.—Mrs. Mabel Davison, of this city, filed a sensational divorce suit here. The papers were withdrawn from the clerk's office to prevent publicity, but the charges have become known. Last spring she ran away with John Davison, a young grocery clerk, to New Albany, Ind., and they were secretly married. He begged that it be kept a secret.

She began lately to insist that their marriage be announced and that they live together. He refused, and then stated that he had never married her at all. She procured a copy of the marriage certificate, and found that he had given his name as John Davis instead of Davison.

She brought suit for a divorce and attached his funds in bank, amounting to \$300.

Dr. Williams' Mixture.

Harrisburg, Ky., Oct. 29.—It is hardly probable that John M. Williams, republican nominee for congress against Hon. George Gilbert, in this (the eighth) district, will get many of the ballots in this county. He failed to tie his certificate of nomination with the county clerk 13 days before the election, as required by law. The clerk has agreed to leave the question with Circuit Judge Sautley as to whether or not he shall put the republican nominee's name on the ticket.

Horses in a Wreck.

Lexington, Ky., Oct. 29.—A wreck near Stevenson, Ala., several horses being shipped from Atlanta, Ga., to St. Louis, to be entered in the horse show, were injured among them the team of J. T. Creshaw, of this city, World's Wonder and Out of Sight. They were a handsome team, and have taken many prizes. Kentucky Bell, Kentucky Artist and Jane Carter, show mares, were also in the wreck.

Steamer Damaged By Fire.

Louisville, Ky., Oct. 29.—The stern-wheel steamer Falls City caught fire in a state room at 2:55 o'clock Sunday morning and the pilot house, Texas and cabin were burned. Loss is \$8,000. The boat was insured and will be rebuilt at once. She cost \$40,000, belongs to the Kentucky River Packet and Towboat Co. and plies between Louisville and Frankfort. The origin of the fire is not definitely known.

Miller Won the Cup.

Louisville, Ky., Oct. 29.—There were only seven entries in the match shoot of the Kentucky gun club for the handsome cup offered by President B. T. Waddell, of the Cincinnati gun club. It was for 50 live birds, and was won by D. L. Miller, of this city, who killed six birds. Harry J. Lyons got 37 strait birds and 47 out of the possible 50.

Jury Was Dismissed.

Nicholsville, Ky., Oct. 29.—The jury in the Kendall murder case after being out 24 hours, was finally dismissed. Half were for acquittal and half for from two to 21 years' imprisonment. Milton Kendall and his son William were charged with the murder of Eugene Cassell on January 5 last.

The First Train.

Irvine, Ky., Oct. 29.—Quite a throng of people witnessed the advent of the first train on the extension of the L. and A. railroad at this point. The extension of the road will be of great benefit to the town.

Price Starts for the Coast.

Louisville, Ky., Oct. 29.—Charles F. Price left for California to resume his duties as presiding steward of the California jockey club. His engagement will keep him on the Pacific coast until next May.

Dairymen Combine.

Covington, Ky., Oct. 29.—The dairymen of Kenton county met Sunday at Turner hall, this city, to effect an organization, by which they expect to secure protection and, at the same time, regulate the price of milk.

ISSUES DISCUSSED.
 Able Presentation of Facts By Our Next Congressman.

MT. OLIVET, KY., Oct. 20, 1900.

Editor Public Leader: Our present and next Congressman, Judge Samuel J. Pugh, at the Courthouse Wednesday night addressed one of the largest, most intelligent and most enthusiastic audience ever assembled in Robertson county to hear a political speech, and those who honored the distinguished speaker with their presence heard one of the strongest, most logical and most argumentative speeches and one of the freest from personal abuse ever delivered in this county.

Judge Pugh, introducing the speaker in his most happy style, took occasion to say some of the things he had heard and when he reached the climax and pronounced the words "Samuel J. Pugh, our next Congressman," the applause was deafening and lasted for several minutes, and renewed again with increased and more prolonged enthusiasm when Mr. Pugh took the stand. Judge Pugh spoke for over two hours, devoting the first few minutes to answering the vile slanders and malicious falsehoods being secretly circulated about him in this county, and he responded to the satisfaction of every reasonable person in the vast audience.

The speaker then launched out into one of the clearest and most forcible explanations of our Philippine policy and the duty of our Government towards the Philippines that I have ever heard. He said, in part, that the presentation of our National honor, as well as responding to the appeals of an oppressed people for liberty and civil rights, justified the declaration of war by the United States against Spain, and that humanity as well as National honor demanded a vigorous prosecution of the war until Cuban independence was recognized by Spain, and the vestiges of Spanish tyranny, misrule and oppression was forever blotted out from the Western Hemisphere. He showed that the Democratic party not only favored the war, but that many of its leaders called President McKinley a coward and traitor because he tried to settle the trouble with Spain without the shedding of blood. War was declared, American blood was shed, Democrats and Republicans vied with each other in their heroic devotion to the American valor triumphed and haughty old Spain, bleeding at our feet, sued for peace. The inevitable result of that war was the acquisition by the United States of Porto Rico and the Philippine Islands. He showed that the confirmation of the treaty of Paris by both Spain and the United States was the question of ownership of the Philippines and transferred not only the islands but the allegiance of all their inhabitants to the United States.

The questions now confront us, what shall be done with these people? What does justice to them, what does honor to the United States and proper consideration for other Nations demand? The inhabitants of these islands consist principally of 80 tribes of semi-savages, 75 of which willingly acknowledge the sovereignty of the United States and the Tagals would do likewise were it not for the encouragement given to Aguinaldo by his Democratic friends and co-conspirators in the United States. It would be inhuman and unjust to turn the inhabitants of these islands to be governed by Aguinaldo, whose conduct and past history prove that he would become a dictator more cruel and more tyrannical and corrupt than the worst officials and despots sent over by Spain to govern them.

We cannot transfer these islands to one Nation without incurring the displeasure of and provoking war with other powers. We cannot establish a Protectorate over them without incurring great expense, with no corresponding benefit to our people and without guaranteeing protection against foreign foes and their predatory and rapacious hands, with no power or right to shape their governmental policy or make their laws.

For the humanity and common sense demand that the United States retain these islands, educate and Christianize the people, extend to them the blessings of American civilization, give them the benefit of American missionary and teachers and the protection of American laws, help them to develop the boundless natural resources of these beautiful islands and

make them revenue-producing; in short, let the people enjoy the blessings and the advantages of a free, enlightened and Christian Nation, until such time as they may be able to decide intelligently for themselves whether self-government would be better for them than to remain under the jurisdiction of the United States, giving to her willing allegiance, and remaining a part of the greatest Nation on earth.

Yet, there is no difference what Aguinaldo and his conspirators in the United States may say, they can't prevent it, for this is destiny.

Judge Pugh then took up and thoroughly analyzed the financial question. He showed the inconsistency and inconsistency of the Democratic speakers who make free coinage of silver the paramount issue in the Western and some of the Southern States, and who wholly discard it, and say in the second money states that the free coinage or 10 to 1 question is not an issue in this campaign.

He laid bare the prophecies of Bryan in 1896, and showed that not one had been fulfilled, but, on the contrary, where he had predicted lower prices for the farmer, lower wages for the laborer, contraction of the currency, general depression in business, and other woeful calamities in the event of the defeat of free coinage of silver at the ratio of 16 to 1, higher prices have prevailed. The millions of idle men were set to work, labor is better paid, soup houses are things of the past, the per capita circulation has increased, confidence has been restored and business has revived. Capital that lay so long idle, stored away in money vaults where it could not be obtained at twenty per cent. even on the best collateral, is now vainly seeking borrowers at four per cent; the farmer or laborer who now stands in need of money can borrow from his neighbor; Savings Bank deposits and depositors have increased over fifty per cent; our exports have increased; government deficits have been given way to large surpluses without imposing additional burdens on the people, who are now enjoying a measure of prosperity never known in the history of the financial and industrial policies of the Democratic party.

Judge Pugh's discussion of the Trusts was exhaustive, but succinct to the fact that he clearly demonstrated the fact that all Federal legislation designed to control and regulate Trusts was opposed by nearly every Democratic Congressman, and was originated and passed by Republicans, and that the Democrats in Congress opposed and prevented an amendment of the Federal Constitution authorizing the enactment of laws that could reach and properly control the Trusts, and that Mr. Bryan himself, when in Congress, voted for the anti-trust bill in 1890 (Gorman-Wilson Tariff, which alone placed \$40,000,000 in the pockets of lawyers and other parasites of the Government).

The speaker showed the importance of keeping the House of Representatives in order to aid President McKinley in settling the great questions that will come up during the next four years. The state issues were thoroughly discussed, and Judge Pugh closed with a high tribute to Hon. John W. Yerkes, and appealing to the people to lay aside partyism for the present and rush to the aid of civil liberty, defeat the party that has betrayed self-government in Kentucky and aid in restoring to our state her former glory.

He made a thorough canvass of this country, speaking at several places, and if the great crowd that gathered in each place, and the boundless enthusiasm that greeted him, were any indication of the vote he will receive on the 8th of November, the Democratic majority in Robertson county will be greatly reduced. BOND'S

Asthma, Hay Fever

AND Rheumatism

CURE IT

And all kindred complaints, due to an excess of uric acid in the blood. It accomplishes its wonderful results first, by purifying the blood and counteracting the existing poisons; second, by toning up the kidneys, liver and stomach, and thus enabling them to dispel all foreign and unnatural secretions. Don't delay. At this time of the year everything is conducive to these distressing and treacherous diseases. At the first symptom take this famous medicine. You will find it almost miraculous in its action and positive in its good results.
